FILE HEADING.

New building for the Lunatic Asylum

From

The Senior Surgeon

G C No. 11 Dated 15-7-18 Received 17-7-18

Diary No. 971	Enclos.	Spare Copies.	Serial No. 1

BRIEF ABSTRACT OF LETTER.

Solicits Sanction to the proposal to construct a new building at a cost of Rs 10, 13, 811 for the Lunatic Asylum on a site next to that selected for the Epidemic Diseases Hospital.

NOTES AND ORDERS.

C

With reference to para 6 of G.O. No. 5600-3 Revs 43-17-34 dated 4th April 1918 the Senior Surgeon has suggested* certain improvements to the buildings in which the Lunatic Asylum is at present located, and the plans & estimates in respect of the suggested improvements are awaited

* Has Tin linked file taken to Myve 1A331

NOTES—First Sheet.

G. R. S. III-2]

General and Revenue Secretariat.

Med File No. 14 of 1918-9

Serial No.

The rough estimate of Rs 1014000 does not make provision for residential quarters of the Superintendent of the Asylum. Further under the reorganization scheme it is contemplated to have both the Lunatic Asylum & the Medical Store under the Charge of one Surgeon. If the arrangement is to be adhered to the Shifting of the Lunatic Asylum would eventually lead to the Shifting of the Medical Store. The cost also seems to be large. Submitted for orders.

K.J.
20/7/18.

Vide pp. 38.

22/7/18 The necessity for a separate building has not been expressly recognised by Govt; though it may be desirable to have buildings on modern up to date scientific principles. The question is mainly one of funds. In the Order of Govt of 4.4.1918, Govt called for proposals for a separate building within the Asylum premises for a hospital or for isolation. No plans & estimates proposals have been submitted for such a one within the Asylum premises. As regards Dr. Nair's proposal

Sufficient space is not available in the premises. The plans & estimates for the extension of the existing premises may be awaited.

Chief Secretary) 5/8

3 It seems to me that the construction of a lunatic asylum at a cost of over 10 lakhs of rupees should be ~~rde~~ ruled out of practical politics for several years to come.

4 The present premises are no doubt unsatisfactory in several respects & require improvement. The average resident number of lunatics was 216 in 1916, while the accommodation in the proposed asylum is for 378 patients.

5 In view of financial considerations suitable additions & improvements to the present buildings at a cost of about 1 lakh or so appear to be all that would be feasible for some years to come. The Senior Surgeon may be informed of this view of ours, and he & the Engineer may send up suitable proposals for the work that has to be done.

18) I think that a new building for the Lunatic Asylum is absolutely necessary. The present buildings consists of two three small Bungalows ill adapted for the purpose and is totally inadequate accommodation for the staff. It is therefore necessary that for the Asylum new buildings should be erected for the purpose mentioned above for the Civil Surgeon and the Superintendent. The Civil Surgeon will have to specialise himself in nervous diseases. Especially the Superintendent in the lunatic and nervous diseases a quiet healthy place far away from the busy quarters of the City is necessary. It is desirable to remove the Asylum from the present building. Administrative Sanction may be accorded for the construction of the proposed building and provision may be made for it in the next year's budget.

Reg. No. 5353

34

Final Note by the Second Member of Council.

Subject:-

A new building for the Lunatic Asylum.

34) In July 1918 the Senior Surgeon urged the desirability of constructing a new building for the Lunatic Asylum at Bangalore outside the City limits and sought administrative sanction to a rough estimate amounting to Rs.10,13,811/-.

Paper under disposal

35) 2. Owing to the paucity of funds the Senior Surgeon was asked to obtain from the Chief Engineer a plan of a block of buildings capable of expansion in future to accommodate 50 patients so that after one block was completed three other similar blocks might be put up, one every succeeding year.

36. In his letter dated 20th January 1920 the Senior Surgeon pointed out that the proposal to construct only one block of buildings to accommodate 50 patients every year would involve duplication of staff for the care of the patients to be removed to the new block and for looking after those who remain in the old buildings and that such inconvenience would last till the whole of the Asylum population, averaging about 250, was removed in batches of 50 each to new blocks as they got ready which would be in another 10 years calculating that each block might take about 2 years for its construction.

37. When the file came up before me, I recorded my views as follows:-

Page 6 of the office note.

" I think that a new building for the Lunatic Asylum is absolutely necessary. The present building consists of no more than a few stone mantaps ill adapted for the purpose with no suitable accommodation for the staff. It is the intention of the Government to place the

Asylum on a better footing and they have for this purpose sanctioned a whole-time officer to be in charge of the institution. This officer will have to specialise himself in nervous diseases. For the treatment of nervous diseases a quiet, healthy place far away from the busy quarters of the City is necessary. It is desirable to remove the Asylum from the present building. Administrative sanction may be accorded for the construction of a separate building and provision may be made for it in the next year's budget."

5. The matter was considered in Council and it has been resolved that it is desirable to construct a new building for the Lunatic Asylum in the near future and that preliminaries in regard to site, designs &c., may be settled early.

6. The resolution of the Council may be approved.

Lunatic Asylum at Bangalore.

Messrs. B. V. Krishna Iyengar and S. K. Narasimhaya, Bangalore City Municipality.

Existing order or practice relating to the subject—

Remarks by the Deputy Commissioner—

Summary of Representation.

Early steps may be taken for removing the Lunatic Asylum from its present locality.

The Construction of a new building for the Lunatic Asylum is under the Consideration of Govt. (Med: file 14-18)

The Senior Surgeon has been requested to Select a Suitable Site in Mysore if the Asylum has to be Shifted to Mysore in case it is decided to locate the College in Mysore.

No. J. C. 11
Encls. 242

Office of the Senior Surgeon, Mysore Govt.,

Dated, Bangalore, 15. 7. 1918.

From

Rajakarya Pravina

Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,

Senior Surgeon with the Government of

H. H. the Mahàraja of Mysore, Bangalore.

To

The Chief Secretary to the Government of

His Highness the Maharaja of Mysore,

Bangalore.

Sir,

The necessity for having new buildings for the Lunatic Asylum outside the City limits has been long recognised and the unsuitability of the present buildings has been ~~xxxxxx xxly brought to notice~~ felt all along. It was specially felt during the out-break of an epidemic of cholera in the Asylum in August 1917. The Chief Engineer who had been requested in August last to get a rough estimate for constructing new buildings according to particulars furnished to him in a sketch from this office, has, with his letter No.7362, dated 21st June 1918, forwarded a rough estimate amounting to Rs.10,13,811/- and has requested me to obtain administrative sanction to the same, to enable him to get the detailed plans and estimate prepared.

The new buildings are proposed to be constructed on the site next to the one selected for the buildings of the Epidemic diseases hospital and approved by Government in their order No. 610-3-Med 98-16-5 dated 25th July 1917. I enclose copies of the Chief Engineer's letter and of its enclosures and request that Government may be pleased to sanction the rough estimate and to instruct the Chief Engineer to have the detailed plans and estimates prepared.

I have the honor to be, Sir
Your most obedient servant,

From

The Senior Surgeon

with the Govt. of Mysore,

Bangalore.

To The Chief Secretary to Govt.

Senior Surgeon's Office,

Dated Bangalore, 15th May 1919

Dear Sir,

Referring to your office letter No.G.4988-Med. 14-18-2, dated 6th September 1918, regarding the construction of the new Asylum Buildings, by instalments, and Reminder No.G.23685, dated 16th April 1919, may I request you to kindly cause the return of the rough sketch of plan, forwarded to Government with this office letter No.G.C.11, dated 15th July 18, as the same is urgently required by the Chief Engineer, in connection with the preparation of the plans now called for by the Government ?

Yours sincerely,

Personal Assistant,
For Senior Surgeon.

P. Mahadevaiya Esq., B.A.,B.L.,
Assistant Secretary to the Government of Mysore,
General and Revenue Departments, Bangalore.

No. G. G.C 11-23918-19 Office of the Senior Surgeon, Mysore Govt.
Encls. Dated Bangalore, 5th January 1920

12421.

From

Rajakarya Pravina Rao Bahadur

T. V. Armugam Mudaliar, Esq., M. B. C. M.,

Senior Surgeon with the Government of

H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of

H. H. the Maharaja of Mysore,

Bangalore.

Sir,

In continuation of my reply dated 5th December 1919 to your office reminder No.G.10311, dated 10th November 1919, on the subject of the construction of a new Lunatic Asylum in blocks sufficient to accommodate 50 patients each, in accordance with the orders of Government communicated in your office letter No.G.4988/Med.14-18-2, dated 6th September 1918, I have the honor to state that the Deputy Chief Engineer, in his D. O. letter No.420, dated 23rd December 1919, intimates that there is little chance of the work being taken up in the immediate future on account of the limited funds placed at the disposal of the Public Works Department, the grants given being barely sufficient to complete the works undertaken already within the next two years and that unless funds for this work are likely to be given separately, there is no object in elaborating the project now as it will surely want considerable revision by the time it is taken up. I therefore request that the feasibility of making separate provision for the construction of this urgently required building - say about 2 or 3 lakhs - may kindly be considered and orders issued to the Chief Engineer to get the detailed plans and estimates completed as early as possible.

I have the honor to be,

Sir,

Your most obedient servant,

T. V. Armugam

Sir,

1405

In continuation of my letter No.G.C.11-23, dated 5th January 1920, regarding plans for the construction of the 1st block of the new Lunatic Asylum buildings to accommodate 50 patients, I have the honor to bring to the notice of Government that the arrangement implied in your letter No.G.4988-Med.14-18-2, dated 6th September 1918 will involve duplication of medical, warding and other staff, for the proper care of the patients to be removed to the new block, and for looking after the balance of population that will be left in the present buildings, and that this inconvenience will last till the whole of the Asylum population, averaging about 250 is removed in batches of 50 to new blocks as they get ready, i.e., for the next 10 years or so, calculating that each block may take about two years for its construction.

I have the honor to be,

Sir,
